JUNEAU YACHT CLUB

Volume 16, Issue 4

COMMODORE'S CORNER

By Tom Satre, 2005 Commodore

Recently the Harbors Board passed a plan calling for a 5-year progression in harbor moorage increases. The City and Borough Assembly directed the Harbor Department to come up with a financial plan that provides for bringing the harbors up to acceptable standards and providing for ongoing maintenance. The Juneau Yacht Club board has taken a position that while the improvements and maintenance are necessary, the plan is directed solely to the moorage holders, and not to all the citizens of Juneau who own the assets of the harbor. It is too much too fast.

We still have a chance to impact these huge rate increases. The first is at the local level with the Borough Assembly and the second with the legislature to address deferred maintenance that was not compensated for when the harbors were turned over from the State of Alaska to the City and Borough of Juneau.

I urge members to attend those meetings of the City And Borough Assembly that deal with harbor issues, to give input. I have heard the city is considering a permanent allocation of 1% of the city sales tax to various departments and projects. We need to make our voices heard so that a portion of this revenue can be allocated to the Harbors.

Secondly, a bill is being formulated with lots of statewide support to reimburse municipalities for deferred maintenance not compensated for when the Harbors were turned over to the municipalities. I urge you to contact the following legislators and let them know your views on this.
